SUMMARY OF SKILLS

I have experience working with projects using React, Next.js. I also worked with Redux. I have been creating servers on Node.js (Express, Nest). Work with MongoDB, PostgreSQL. I have experience in TypeScript. I have been creating a design using Bootstrap 5 and Chakra UI.

I am very interested in developing new products and willing to learn and grow professionally.

Thus, I can create Websites (Front-end and Back-end) with responsive design.
